(The following text is extremely faint and largely illegible due to low contrast and blurring. It appears to be a list or index of items, possibly related to the "Bibliography" section mentioned in the caption.)

Figure 1 illustrates a 1000-bit shift register. The register is a horizontal chain of 1000 cells. The leftmost cell is labeled '1' and contains a '1'. The rightmost cell is labeled '1000' and contains a '0'. Above the chain, a '1' is shown with an arrow pointing to the first cell, and a '0' is shown with an arrow pointing to the last cell. Below the chain, a '0' is shown with an arrow pointing to the first cell, and a '1' is shown with an arrow pointing to the last cell. The chain is labeled '1000' at both ends.

Jack Dempsey the Favorite.

In matters of muscle, in things pugilistic, the past year has been a record. In the business of the ring, the Philadelphia and Pittsburgh teams have been making it hot for the National League leaders. The Philadelphia team, under the management of John McGraw, has been a force to be reckoned with. The Pittsburgh team, under the management of Barney Dreyer, has been a force to be reckoned with.

Philadelphia and Pittsburgh made matters extremely warm for the leaders in the race for the league pennant. Cleveland lost three straight games to Pittsburgh and moved up to third place. Philadelphia had New York Monday's game, but they were unable to win. The Giants played poorly all week, and even dropped a game to Washington. The New Yorks still have a good mortgage on second place.

In the American association the Athletics have dropped to fourth place and Baltimore has moved up to the third position.

NOTES.
Ned Williamson will resume ball playing on August 1.

Brooklyn is not so far advanced that it can not be overtaken.

Glascow made his 100th hit of the season in Boston on Wednesday.

The Western Association is a trifle hard up for twirlers just at present.

Bennett leads the league catchers and Clarkson the league pitchers.

Incoff, the well known California pitcher, has retired from the diamond.

Anvils of the new roller mill at Pomerville will be ready by the first of August.

An Account of the Rapid Growth of a Lively Town.

Good Natural Site—Free From Dust in Summer and Mild in Winter—Development of the Country About the Town.

Centralia Chronicle.
The settlement of Centralia dates from the building of the Northern Pacific railway from Portland to this point, in 1872. A siding was put in here by the railroad company, and the town was given the name of Centralia. The first sawmill was established here about six years ago. There are now five sawmills at Centralia, one of which is now being built. Seven shingle mills are in operation, and there is one saw and door factory. These mills employ 350 men. There is also a coal yard and a lumber yard.
